To whom it may concern

Approval of Kair KHRV150/Eco as an Energy Saving Product

This letter provides verification that the Energy Saving Trust recognises that the Kair KHRV150/Eco unit can be used as energy saving product and that it is acceptable to the EST in terms of the Energy Efficiency Commitment (EEC) or the Trust's Government-funded programme activity.

The approval applies to the following: -

Product	Application	Lifetime of energy savings
Kair KHRV150/ Eco	Mechanical Ventilation Heat Recovery unit when installed according to installation instructions	10 years

For further details regarding the energy savings please contact the Energy Saving Trust at the above address.

Yours sincerely

Martin Brooks
Accreditation Manager
